

Product Change Notification

Change Notification #: 119696-00

Change Title: MINOR CHANGE,
Select Intel® Celeron®, Core™, Pentium® and
Xeon® Processors Shipped in Trays,
PCN 119696-00, Transport Media,
Specific Shipping Tray Design Improvement

Date of Publication: October 6, 2023

Key Characteristics of the Change:

Transport Media

Forecasted Key Milestones:

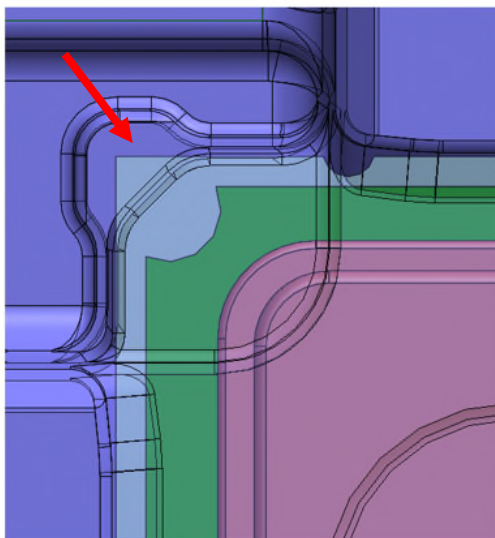

Date Customer Must be Ready to Receive Post-Conversion Material	October 25, 2023
--	------------------

Description of Change to the Customer:

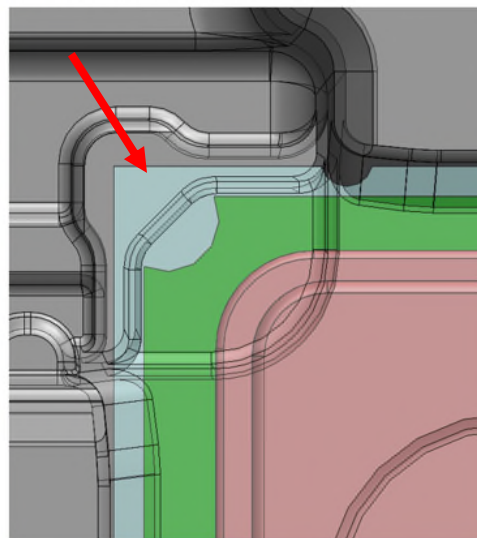

Due to continuous improvement efforts in Transport Media/Shipping/Packaging, a design update will be done to Shipping Tray IPN 500706266 as follows:

- 1) The physical area of the corner pocket will be increased. This will result as more surface contact area on the corner pockets of the tray which will strengthen the corner pockets and remove any chance of units bending at the corners.

TFT 2 Rev 2

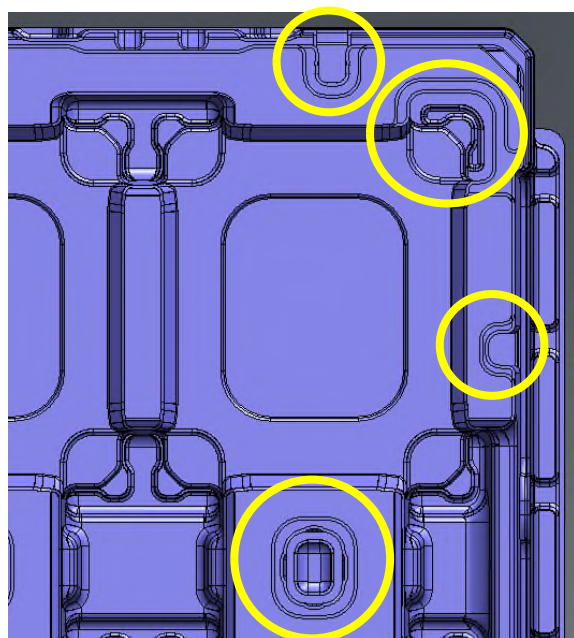

TFT 2 Rev 3 (Improvement)

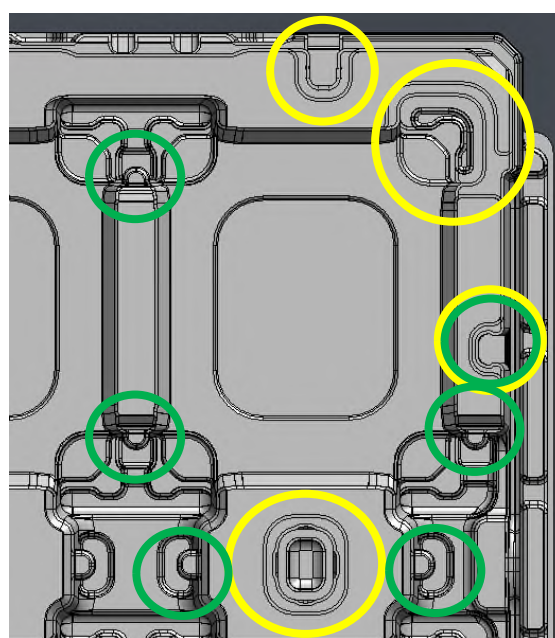

(pictures are for example only)

2) The number of stacking features on the tray will be increased. This will reduce the chance of tray collapse and better protect units in the tray.

Old Pocket (Rev 02)

New Pocket (Rev 03)

(pictures are for example only)

- Yellow circles are existing stacking features.
- Green circles are added/improved stacking features.

Customer Impact of Change and Recommended Action:

This notification is only sent to those purchasing products directly from Intel. Customers should forward this change notification to their distributors and partners as needed.

Customers should expect to receive a mixture of tray inventory until the older Rev 02 trays are phased out. However, Intel will only ship using the new Rev 03 tray as early as October 25, 2023.

Trays can be intermixed without issues. Tray Rev 03 is stackable with Rev 02. Any Tray-Packaged Intel products currently packed and stored into Intel Warehouses will not be opened and re-packed into the new Rev 03 tray prior to shipping to customers. Intel will ship them as previously packed.

This change applies to only products that are shipped in Tray media. If customer SKUs are shipped in another shipping media, this change will not impact their shipments.

Please contact your Intel representative with any questions or concerns regarding this change.
